Material Aspects:

INTERNATIONAL SECURITIES EXCHANGE, LLC (XISX):

BMOC routes orders to various exchanges, alternative trading systems, including electronic communications networks, and other market centers including other Broker Dealers some of which provide BMOC with payment for order flow. Certain market centers offer cash credits for orders that provide liquidity to their books and charge explicit fees for orders that extract liquidity from their books. Periodically, the amount of credits that BMOC receives from one or more such market centers may exceed the amount that BMOC is charged. Such payments would constitute payment for order flow. Please be advised that for orders received by BMOC, BMOC receives order flow payments in varying amounts from US option exchanges market makers pursuant to the published marketing fee programs that have been adopted by the exchanges and approved by the SEC. Several option Exchanges have also adopted a maker taker market structure, in which exchange members are charged for orders that take liquidity from the exchange and receive a rebate for orders that provide liquidity to the exchange. The charges imposed or rebates offered by these exchanges affect the total cost of execution. The source and amount of any compensation received by BMOC in connection with any transaction for your account is available upon written request. A description of the fees and rebates offered by this venue, including the pricing tiers offered and the pricing for each tier, is available at capitalmarkets.bmo.com/filer/sharing/1683049802/3114/
